

HOW TO INSTALL LUT'S ON FREE MOBILE APP

{VNVIDEOEDITOR}

CLICK HERE TO WATCH VIDEO TUTORIAL

STEP 1

Download your VN Video Editor (It's completely free - you do not need a paid subscription to start using @pluginso)

> Apple: <u>Download</u> Android: <u>Download</u>

STEP 2

In Pluginso, all products have all three (dng, xmp, and cube) files at the same time. (Important: the presets that do not have a LUTs file are shown in the product description and also on the product photo.)

Once your payment has been processed you will receive a ZIP file to download the presets. Download ZIP file , Open file and go to LUTs folder. There you can see all the LUT (cube).
